

Spectrum Data Saver By Telescan

Spectrum Data Saver provides offsite, secure storage for all your company's data. This program allows you to back up all your data automatically on a daily basis, and retrieve it from any computer anytime you need it through Telescan's web site. All data from your business will be stored in two secure remote locations, retrievable whenever necessary.

Spectrum Data Saver protects all your important data from most any disaster including; fire, flood, theft and viruses. Even the best prepared TAS business could lose everything in a heartbeat. Spectrum Data Saver ensures that your business will not lose your critical data.

Spectrum Data Saver gives you:

- HIPAA compliant Standards
- Point-in-time restoration of any backup files
- Easy to use web interface
- Customizable backup schedule allows backup to be scheduled at any time
- Compress and encrypt data automatically before sending to the server (server stores only encrypted data)
- Incremental backup strategy ensures that only new or updated files are sent to backup server
- Backup software is compatible with Microsoft SQL Server 7.0 / 2000, Microsoft Exchange Server 2000 / 2003, Lotus Domino / Notes 5.0 or above and Oracle 8i/9i (supports both full and incremental backs.)
